The following is an examiner's statement of reasons for allowance:

1. Claim 1 defines over the prior art of record by claiming a brake and wheel assembly comprising a support; an axle supported by the support; a wheel rotatably supported on the axle; a brake band supported by the support tangentially across the wheel, and an actuator movably supported in the brake and wheel assembly for movement between first and second brake applying positions to engage the brake band with the wheel in either of the first or second brake applying positions.

Claim 18 defines over the prior art of record for substantially the same reasons.

The prior art of record does not anticipate or render obvious alone or in combination the limitations claimed in claims 1 or 18.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher P. Schwartz whose telephone number is 703-308-0576. The examiner can normally be reached on M-F 9:30-6:00.
